MEMORANDUM FOR: Deputy for Field Activities, OSA

25X1A

SUBJECT : Security Annex - Project [redacted]

25X1A

1. The following is submitted for your consideration in the preparation of an operations order for Project [redacted]

- a. The security of the operation will be maintained in accordance with established project standards.
- b. Available hangar facilities will be utilized to house the aircraft and continuous control will be exercised over fuel, classified special equipment and documents.
- c. To insure the security of the operational flight, a staff security officer will conduct a final inspection of the pilot and aircraft to insure maximum sterility compatible with the established cover story. This inspection will be made at the time the aircraft leaves the staging area on mission.
- d. The Senior Security Officer will perform liaison with the local police, military officials, and other administrative liaison consistent with the needs and desires of the Detachment Commander.
- e. IDEALIST briefings will be kept to a minimum and will be restricted to those who have an actual "need-to-know". Justification for the clearances will be determined at Headquarters.

f. Security will provide sufficient guard coverage to insure the external security of the briefing area during all briefing sessions. The Senior Security Officer will attend all pre-mission briefings to be fully cognizant of any significant factors that might require subsequent security support.

g. All deployment personnel will continue to maintain a high standard of personal conduct.

h. The Senior Security Officer at the site will insure the proper destruction of all classified waste and the sterility of the operational site at the termination of the staging.

i. It would be most desirable if arrangements could be made with the host government to provide peripheral security personnel. In the event such support is not available, Headquarters will arrange to provide such a security force. (The number of guards will be determined by a security survey of the area.

j. The security contingent will provide courier services and is responsible for the secure movement of equipment and the movement of the mission take from the detachment to the processing point. Additional support in this regard will be provided by Headquarters or KUSODA as necessary.

k. Security escort will be provided for all uncleared individuals whenever it becomes necessary that they enter restricted areas.
